

We are now connected to MauCAS

15 July 2020

The introduction of Mauritius Central Automated Switch (MauCAS) owned and operated by the Bank of Mauritius is facilitating the advance towards a cashless society by providing an innovative, instant and secure platform for local digital payments on mobile phone as well as other channels.

We are pleased to inform our customers that we are now connected to MAUCAS and you can now:

- ◆ **register your HSBC bank account to any participating e-wallet provider located in Mauritius** (e.g. my.tmoney)
 - Account can be either an individual Current Account or Savings Account.
 - Account currency should be in Mauritian Rupee only.Before your register, please ensure you have provided us with your latest mobile number. [Update your contact details](#) now.

- ◆ **top up your e-wallet from your registered HSBC deposit account(s) and access a range of services through your e-wallet**
 - Transfer funds* instantly to accounts in any other local bank which is connected to MauCAS.
 - Transfer funds* to other e-wallet users.
 - Pay bills to merchants registered on e-wallet.
 - Recharge mobile airtime, purchase mobile internet package and access other services.

- ◆ **instantly receive funds* even if you are not registered to any local e-wallet**
 - Receive funds* instantly into your HSBC deposit account from anyone:
 - using any participating local e-wallet.
 - having a bank account from any other participating local banks
 - Transfer funds* from your own e-wallet (with a participating provider) into your own HSBC deposit accounts.

*Note that the maximum MauCAS limit per transfer is Rs. 100,000 but participating e-wallet providers and banks transfer limits may vary.

More services will be available in due course. For any query, please refer to [FAQs](#):
